Thanks Kathleen and Kathy. Attached are my edits to Carter/Kathy's draft letter. I lifted language from Jason's letter for consistency. I hope I didn't change the NEPA context by making the other changes I made.

Note that this is a draft and will likely be shaped further by Alexis.

Thanks

Nicole

I agree. I think this would be good to send to Alexis if we stop after the first 3 paragraphs. Thank you!

Importance: High

If Alexis would prefer a simpler (non-technical) letter, I think what's below would still read OK by just striking the "Based on..." paragraph and the numbered items that follow. But this version gives her the option of including meeting highlights of concern. Comments? -JB
